Departmental Activities

Academic Year 2018-19

Visit to school and identification of local plants to the students as an extension activity – “Nature Study: Know your plants” dated 04.01.2019

This extension activity was organised by the Department of Botany, NSS Unit and IQAC of the college. They visited a school at Munsirhat and took the students of class VIII around the locality to help them connect with nature and identify some locally grown plants.

This is a regular extension activity organized by the Department of Botany every year.

Academic Year 2019-20

Visit to Agri Horticultural Society of India (AHSI) on 26.02.2020

The students alongwith the departmental teachers and laboratory attendant visited the **Agri Horticultural Society of India (AHSI) on 26.02.2020**. The students were introduced with the medicinal plants and flower gardens. The area consists of a pond, flower gardens, greenhouses, research laboratory and library. It houses a massive collection of plants and flowers.

Academic Year 2021-22

One-Day National Webinar on Cancer – Research, Trends and Awareness on 12.11.2021

This national webinar was organized by the NSS unit, Department of Botany and the IQAC of the college to spread the current research and trend of cancer and to spread awareness about it among the youth and general mass.

Foundation.

Academic Year 2022-23

Local Visit to an agricultural field dated 28.04.2023

The students of Semester VI alongwith the departmental teachers visited the local agricultural fields and interacted with the farmers to learn about the cultivation practices of rice.

Local Visit for local plants' identification and collection dated 28.04.2023

The students of Semester II alongwith the departmental teachers visited the local area surrounding the college and they were introduced with the local plants having medicinal properties.

This activity familiarizes the students with the local growing plants giving them a proper idea of their characters.

Academic Year 2024-25

Students' Induction Programme (19.09.2024)

An induction programme for the newly joined students of Semester I was conducted on 19.09.2024.

Hands-on training on use of MS Word and MS PPT

This training is given to students throughout the session so that they develop the required skillset.

Excursion to Acharya Jagdish Chandra Bose Indian Botanic Garden (22.01.2025)

The Department of Botany organized a one-day visit to Acharya Jagdish Chandra Bose Indian Botanic Garden on 22.01.2024 for students. The trip was guided by two departmental faculties and a lab attendant. The students explored different types of plants native to the region as well as exotic flora.

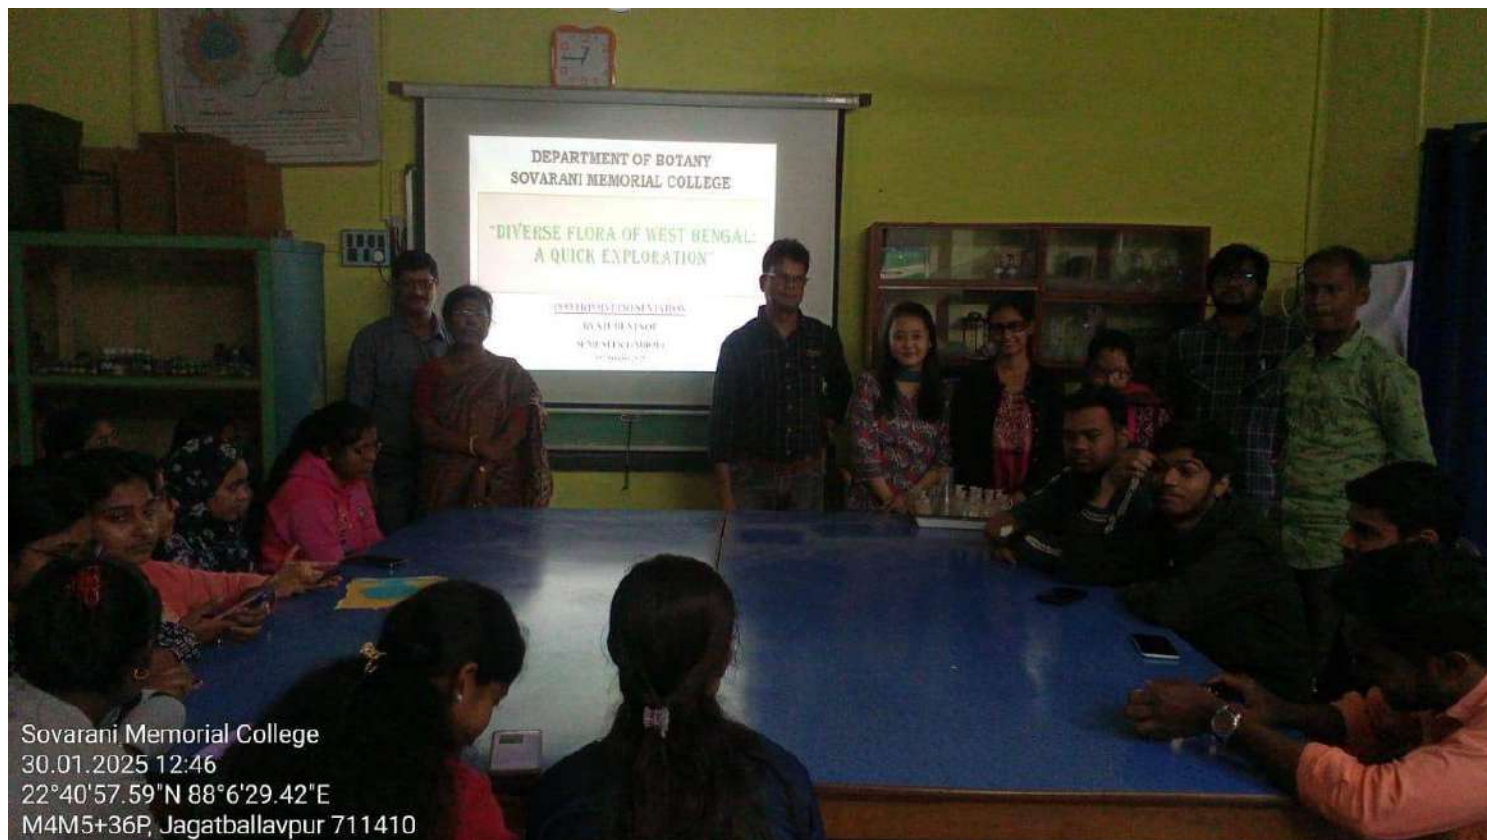

Seminar Presentation by Sem-I students (based on individual assignments provided to the students) (30.01.2025)

A seminar was organized by the Department of Botany wherein the students of Sem-I delivered individual presentations based on the topic, “**Diverse Flora of West Bengal: A Quick Exploration**”. They had earlier submitted their works in MS Word which were then later used in MS PPT.

The objectives of the seminar were to equip the students with the knowledge of:

- (i) Different forms of flora**
- (ii) Flora of West Bengal**
- (iii) Use of MS Word**
- (iv) Use of MS PPT**
- (v) Methods for literature review, citation, referencing, etc.**
